State of New Hampshire
TOWN OF MOULTONBORO
Town Warrant

To the inhabitants of the Town of Moultonboro, in the County of Carroll, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Moultonboro Central School Auditorium in said Moultonboro on Tuesday the 8th day of March 1955, at ten of the clock in the forenoon to act upon the following subjects:

1. To choose by ballot and major vote a Treasurer, Clerk, Tax Collector, one or more not exceeding two Highway Agents, three Auditors, one Selectman for three years, one Trustee of the Trust Funds for three years, one Trustee of the Trust Funds for one year, and such other officers and agents as the voters may deem necessary.
2. To raise and appropriate such sums of money as may be necessary to repair Highways and Bridges in said Town.
3. To see if the Town will vote to raise and appropriate the sum of \$700.28 for Town Road Aid.
4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes for the current year maintenance and operation expenses, and that the Selectmen be authorized to issue notes therefor, which notes are to be paid out of tax receipts of the current year as provided by the provisions of Acts of 1953, Chapter 258, and any amendments thereof.
5. To see if the Town will vote to allow a discount on taxes paid in full up to fifteen days after the approval of the tax warrant.
6. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for the Support of the Poor.
7. To see what sums of money the Town will vote to raise and appropriate for the Laconia and Huggins Hospitals.
8. To see if the Town will vote to raise and appropriate the sum of \$300.00 for concerts provided by the Center Harbor Band.
9. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to maintain the beach at Long Island.

10. To see if the Town will vote to raise and appropriate the sum of \$300.00 which is 1/100 of 1% of the assessed valuation of the Town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town; in cooperation with other towns in the Lakes Region.
11. To see if the Town will vote to raise and appropriate the sum of \$250.00 to be used by the Selectmen for the purpose of publicizing and promoting the Town of Moultonboro.
12. To see if the Town will vote to establish a Planning Board of five members with duties as set forth in Sections 1-15, Chapter 53, Revised Laws of New Hampshire 1942, as amended, to make a study of the Town's development and report to the Town appropriate recommendations for the promotion and maintenance of the Town's best development. The Board shall consist of one Selectman and five other citizens appointed by the Selectmen, as provided in Sections 1-15, Chapter 53, Revised Laws of New Hampshire 1942, as amended.
13. To see if the Town will vote to raise and appropriate the sum of \$200.00 to repair the wharf and boat basin at Lee's Mills. (By request.)
14. To see if the Town will vote to tar the road from Route 25 to the entrance to Columbia Cabins and raise and appropriate money for same. (By request.)
15. To see if the Town will vote to approve an ordinance that no person, corporation or association shall engage in or permit the construction of a privy, septic tank, cesspool, dry well, drain bed or drain field at any new construction without first submitting plans of the same to the Health Officer of the Town of Moultonboro. This Ordinance to apply only to areas within one-half mile of Squam Lake. (By request.)
16. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 15th day of February, A. D. 1955.

PETER O. LARSON
ROBERT J. LAMPREY, JR.
GILBERT N. WIGGINS

Report of Your Forest Fire Warden

Howdy, folks. This is your friend, Smokey the Fire Prevention Bear talking for John Randall, your local forest fire warden. You know how he is always asking you people to take it easy with fire in the woods? Well, he wants you to know that forest fires decreased last year. He knows it did rain some but it was the help of all you people who are giving time and money and carefulness to prevent this shameful waste of our woodlands. But please remember, folks, forest fires still do a lot of damage each year. And we got to work and work to whittle them down to our size.

So when you're around forest areas, crush out your cigarette, hold your match till it's cold, drown your campfire and drown it again. If you have to burn grass or brush or rubbish, ask the law first, also get your permit from your warden and last, have plenty of help handy. Please remember a permit is required for all open fires whether in an incinerator or on a piece of plowed ground. Your local forest fire warden will help you in your burning problem and he is as close as your telephone. Please call him.

Each year forest fires destroy enough sawtimber to build all the homes in a city of one-half million people.

Each year forest fires eat up enough sawtimber to make ties for 50,000 miles of railroad tracks.

Each year forest fires destroy enough pulp-size trees to provide a 12-month supply of newsprint for every newspaper in the United States.

Remember . . . Only You Can Prevent Forest Fires

Number of Fires 0

Number of Acres Burned 0

Number of Permits Issued 252

School Report

1954

School District Warrant

STATE OF NEW HAMPSHIRE

TOWN OF MOULTONBORO

To the Inhabitants of the School District in the Town of Moultonboro, qualified to vote in District affairs:

You are hereby notified to meet at the Central School in said District on the 8th day of March 1955, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years..
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To see if the District will vote and approve the recommendation of the supervisory union board in providing for a guidance counselor for the schools of the union for the coming year in cooperation with the Federal Government, at an estimated cost of \$300.50 as this District's share.
8. To see what sum of money the District will appropriate for the purpose of making necessary improvements in the basement of the school auditorium, and providing space there for a kitchen and lunchroom.
9. If the preceding article is voted in the affirmative, to see how much, if any, of the appropriation shall be raised by taxation at this meeting and how much shall be borrowed on short term notes on the credit of the District, payable in not more than five years.

10. (By request) To see if the District will pay full transportation for students attending Laconia High School.
11. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school officials and agents, and for payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
12. To see if the District will vote to appoint a committee consisting of the school board, the selectmen, and three members chosen by the Moderator, to investigate the proposal of forming a cooperative district consisting of Moultonboro and Center Harbor, and to report at the next regular or special school district meeting.
13. To see if the District will vote to adopt a non-partisan ballot system for the election of District officers, as provided by law, this action to take effect at the regular meeting in 1956.
14. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
15. To transact any other business that may legally come before the meeting.

Given under our hands at said Moultonboro this 12th day of February 1955.

Harold Martin

Charlotte M. Ames

Leonard Plaisted

Reports of School District Meetings

MINUTES OF 1954 DISTRICT MEETING

March 9, 1954

The School District meeting was called to order by the Moderator, Clyde B. Foss, at 2:00 o'clock in the afternoon at the Moultonboro Central School.

After the reading of the warrant by the Moderator, the following officers were elected for the ensuing term:

1. Moderator—Clyde B. Foss, elected and sworn in office by the Clerk.

2. Clerk—Dorothy W. Davis.

3. School Board Members for three years—There being two nominations for this office, a written ballot was used with the following result:

Total number of votes cast	108
Harold Martin	67
Ralph Mullen, Sr.	41

Therefore, the Moderator declared Harold Martin elected as a member of the School Board for the ensuing three years.

4. Treasurer—James N. Solomon.

5. It was voted to fix the compensation of the School Board, Truant Officer, and any other officers or agents of the District at the same figure as voted at the district meeting held March 10, 1953.

6. No reports of agents, auditors, committees, or officers chosen were presented other than those printed in Town Report and it was voted to accept those reports as printed.

7. Auditors elected were Roger Larson and William Twomey.

8. On the Article, "To see what sums of money the District will raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town." the following motion was made by Stewart Lamprey: "I move that we do not accept the budget as read and that when this meeting is adjourned, we adjourn until April 13, 1954 at 8:00 o'clock, P. M., at the Moultonboro

School for the purpose of receiving an itemized school report, similar to that of the Town Report and to hear and act upon special reports to be made at this meeting." This motion was seconded by Herbert Person who also spoke briefly in favor of same. School Board Member, Leonard Plaisted, stated that he felt that the School District needs were stated quite plainly in their budget. After discussion the motion was voted upon in the affirmative.

9. On the article, "To see what sum of money the District will raise and appropriate for the purpose of constructing a concrete floor and making other necessary improvements in the basement of the school auditorium" the following action took place: A motion was made by Stewart Lamprey and seconded by Ralph Dale for the Moderator to appoint a special committee of three persons to determine the advisability and cost and report at the adjourned meeting on April 13, 1954. The vote on this motion was in the affirmative.

10. On the article, "To see what sum of money the District will raise and appropriate for further improvements on the school grounds" the following action took place: It was voted for the Moderator to appoint a committee of three persons to compile a report on this article to present at the April 13th meeting.

11. It was voted for the District to adopt the non-partisan ballot system for the election of District Officers, as provided by law, this action to take effect in 1955 if legally permissible.

It was also voted under article 11 for the Moderator to appoint a committee of three persons to determine the feasibility of hiring another teacher for another year and where her classes would be held.

Officers elected were sworn in by the Moderator.

Voted at 3:00 P. M. to adjourn the meeting until April 13, 1954 at 8:00 P. M. at the Central School.

Dorothy W. Davis

Clerk

MINUTES OF 1954 DISTRICT MEETING

April 13, 1954

The School District adjourned meeting was called to order at 8:00 P. M. by the Moderator, Clyde B. Foss.

The Moderator then read Article 8: "To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town." It had been voted previously at the meeting on March 9, 1954 not to accept the budget as read and to adjourn until April 13, 1954 for the purpose of receiving an itemized school report, and to hear and act upon special reports to be made at this meeting.

The Moderator next requested that the committee appointed by him give their report. Harold Martin, Chairman of the School Board, after making available to all present a detailed statement of the expenditures of the district for the fiscal year ending June 30, 1953, stated that, in their opinion, after due study of the census figures which seemed to indicate a steady gradual decrease in the number of pupils entering the first grade during the next four years, another school room and an additional teacher would not be necessary. Therefore, they had changed the estimate for teachers' salaries from \$15,600 to \$13,200. They had, however, found it necessary to increase their estimate for transportation from \$10,500 to \$12,000. It was voted to accept the committee's report. On a motion made by Ralph Dale and seconded by Gilbert Wiggins, it was voted to accept the budget on the revised figures of \$58,753.24.

On Article 9: "To see what sum of money the district will raise and appropriate for the purpose of constructing a concrete floor and making other necessary improvements in the basement of the school auditorium." The committee appointed to determine the cost of this project next gave their report. A great deal of discussion followed. A motion made by Stewart Lamprey, and seconded, for the School Board, and such persons as they may choose to assist them, to compile a set of specifications on the total basement job and present them, together with any bids they may have received, at the next district meeting, was voted on in the affirmative.

On Article 10: "To see what sum of money the district will raise and appropriate for further improvements on the

school ground," Harold Martin, speaking for the committee, stated that the school board considered that there was enough balance in their contingency fund to do what they desired at this time. On motion of Robert Lamprey, Jr. it was voted to pass the article.

Under Article 11, the Moderator ruled that it would not be legally permissible to adopt the non-partisan ballot system for the election of District Officers without first putting the article in the regular school warrant.

There being no further business, it was voted to adjourn at nine o'clock.

MINUTES OF 1954 DISTRICT MEETING

September 28, 1954

The Special School District Meeting was called to order at 8:00 P. M. at the Moultonboro Central School by the Moderator, Clyde B. Foss and the warrant read.

On Article 1, Stewart Lamprey made the following motion: "I move that the district petition the State Board of Education to become a part of a cooperative school district of the region comprising Meredith, Center Harbor, Ashland, Holderness, Moultonboro and Sandwich, to provide for the educational needs and services of all pupils in grades 7 through 12." This motion was seconded by Ralph Dale. A lengthy discussion followed after which a motion was made by Herbert Person and seconded to postpone this meeting until the third Tuesday in November at 8:00 P. M. This motion was rejected by a standing vote of 66 for and 103 against.

A motion made by Gilbert Wiggins and seconded to vote on Article 1 by ballot was carried unanimously. Ballot vote was taken with the following result: Total votes cast 199, 58 in the affirmative and 141 in the negative. The Moderator read the result of the ballot and the meeting was adjourned at 9:45 P. M.

Report of School Nurse

In the past year many of our children attended the orthopedic clinics sponsored by the Crippled Children's Services of the N. H. State Department of Health. Exercises are very important as a corrective treatment for flat feet and certain back defects. The correct exercises are shown the individual child. Also we had two treatment centers where a physiotherapist came to the school and re-checked the children. This re-checking was done in February and December.

The physical examinations were completed in February for the school year 1953-54 by Dr. Douglass Walker. This year the physical examinations were made by our local doctor—Dr. Ratsep. 120 examinations were done.

Hearing tests were given in March and November. Some of these tests are incomplete this year because of the many colds and cases of measles.

Routine inspections were made and heights and weights recorded in May and October.

In my capacity as a school nurse, my territory embraces the towns of Holderness, Moultonboro, Center Harbor, Sandwich, Freedom, Effingham and Madison. From this area there are four known cases of children suffering from epilepsy. The Center Harbor public library now has the book, "Science and Seizures" by Wm. G. Lennox, M. D., having purchased this at my request. The State Library in Concord also has this book. This should be of interest to our parents and I recommend it highly—it should help parents and teachers better understand the children afflicted in this way.

Respectfully submitted,

AMY L. BROWN, R. N.

School Nurse

Supervisory Union Report

FINANCIAL

The union budget for the 1955-56 school year is apportioned among the six districts in this manner:

<i>DISTRICT</i>		<i>Supt's Salary</i>	<i>Travel, Sec- retary & Other Exp.</i>	<i>Guidance Director</i>
Ashland	(23.56%)	\$1,060.20	\$1,313.47	\$ 589.00
Meredith	(34.9 %)	1,570.50	1,945.67	872.50
Center Harbor	(4.74%)	213.30	264.26	118.50
Holderness	(13.34%)	600.30	743.70	333.50
Moultonboro	(12.02%)	540.90	670.12	300.50
Sandwich	(11.44%)	514.80	637.78	286.00
Total		\$4,500.00	\$5,575.00	\$2,500.00

The superintendent's salary this year is \$6,300, of which \$3,800 is collected from the six local districts and the balance of \$2,500 is paid by the state.

PROPOSED GUIDANCE PROGRAM

The item of a guidance director, at an estimated cost of \$2,500, is to be matched by an equal sum from a Federal appropriation. For two years the union board has been considering the need for the services such a person could perform. Since this is a new service, however, the state law provides that each district must vote separately on this under a special article in the warrant.

A guidance director is of specific help and counsel in various fields. On the elementary level, he can direct remedial work with children who are emotionally upset or who need assistance in their learning processes; and he can help the eighth graders choose their high school courses wisely and get a confident and successful start in high school.

On the secondary level, our high school teenagers often fail to find themselves, vocationally and socially. Helping our high school boys and girls to realize their abilities and limitations and steering them into the right field of further study or of positions in business and industry is an invaluable service which the guidance director can render for our youth.

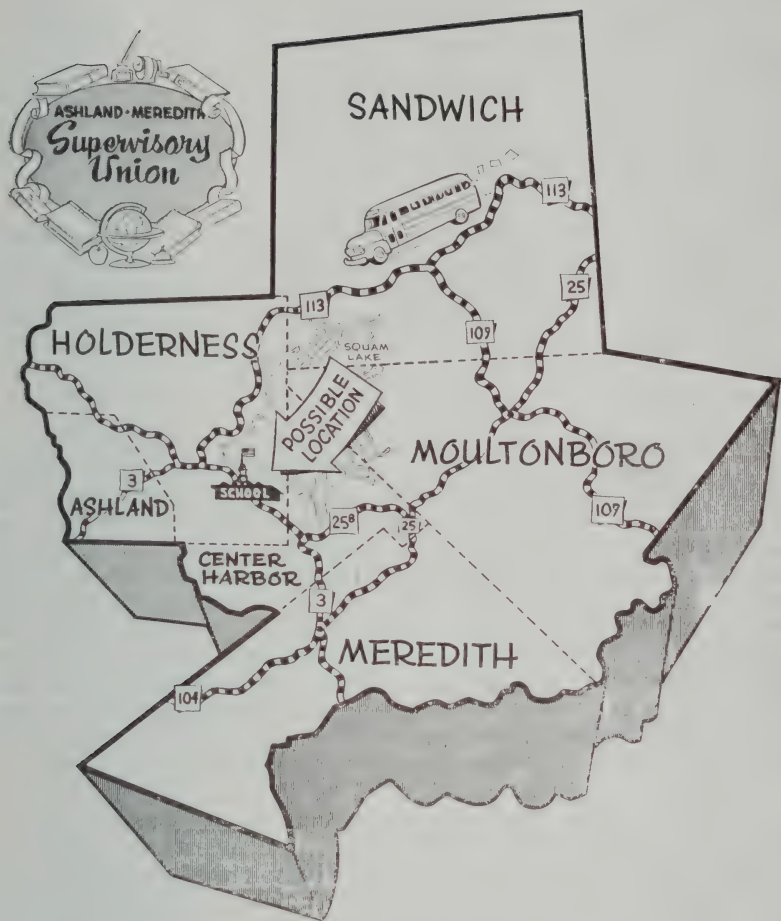

Most of our cities provide a guidance director as part of their regular staff. Small towns cannot afford to do this, but on a union-wide basis the cost would be reasonable. The Epping-Newmarket union started such a plan two years ago; it has proved very popular there, and several unions in Vermont and Maine have also reported good results from this type of service.

Our principals and teachers have in many cases been extremely helpful in guidance work. However, I feel that we need a counselor who has special training for this work, and who could devote his entire time to it. He would also counsel with teachers and principals, to assist them to do better what they are already attempting. I recommend the employment of a guidance director as an excellent investment in better education.

PROPOSED COOPERATIVE HIGH SCHOOL

Since last year's report, an active effort has been made to form a cooperative district for grades 7 through 12, for the districts in this union. Such a plan should relieve the crowded conditions existing in most of our schools, and at the same time create a school large enough to provide a curriculum which would be impossible in any one of our three separate small secondary schools.

The towns of this union have been approved by the state board of education as constituting a unit of suitable size and property valuation. Three of the districts have already voted on the question of joining; the other three districts will take action on the matter at the 1955 annual meeting, or at a later special meeting called for the purpose.

The accompanying map shows the extent of the proposed larger district, and indicates a possible location which is approximately central, based upon a study of pupil-miles of necessary transportation. The actual location would have to be determined by vote of the district, or by a committee chosen by the voters.

The original plan contemplated a building to house grades 7 through 12, starting with about 600 pupils. An architect's sketch was prepared for such a building, but the estimated cost exceeded our bonding limit. It seems possible, however, to provide a central high school for grades 9 - 12 (about 400 pupils at the start) within our means. This would mean that the cooperative or union board could maintain a central senior high school in the new location, and separate junior high school units (one in Ashland and one in

Meredith at least—perhaps others if it should seem best).

New England people are traditionally conservative, and it always seems easier to vote “no” on any proposed change. However, it is a proven fact that the smaller the school, the greater the cost per pupil. Hundreds of communities throughout our nation have found the larger district a practical means of improving their educational facilities without unreasonable expense.

State aid for buildings, as well as some assistance from the Federal government, is being seriously considered. If funds from these sources could be made available, there is no reason why our new high school could not be one of the best in the state.

CONCLUSION

This is my last report as your superintendent, as I shall retire on August 31, 1955. Since I came in 1934 many changes have taken place. One-room schools have been replaced by new and modern buildings. School enrollments have increased; courses in shop have been added to our high schools; a good program of music education has been carried on; school nurse services and excellent school lunches are now available in every school. However, the most important part of any school program is what happens when the teacher meets the pupil day by day. All our expensive equipment, beautiful buildings, and comprehensive curricula will count for but little without devoted and capable teachers, and pupils who are willing to apply themselves and strive to improve.

These twenty-one years have been very pleasant ones to me, and I am very grateful for the fine cooperation of school boards and teachers, and the friendly spirit of the people in this union. I wish for my successor the same cordial welcome and hearty support that you have given me, and that he will feel the same thrill that I always experience when a child greets me with a smile and wave of the hand, and says, “Hi, Mr. Bushnell!”

Respectfully submitted,

ALMON W. BUSHNELL

Superintendent

Report of Superintendent and Principal

TEACHERS AND PUPILS

Our enrollment has shown quite a large increase in the primary grades. Mrs. Whitehouse has a first grade enrollment of 21 children at the time of this report. Mrs. Perkins is teaching grades 2 and 3. She has 34 children in the two grades, 21 in the second and 11 in the third. Mrs. Tilton is teaching grades 4, 5 and 6; this is the largest group in the school with 36 pupils. Mr. Bryenton has grades 7 and 8 with an enrollment of 29 pupils.

By thus accepting the situation with large classes, we have avoided the necessity of employing an additional teacher, but the pupils have lost some of the educational opportunities we had hoped to provide for them. We are especially sorry to report that because of her large class, Mrs. Perkins has not been able to continue the work in remedial reading so well started last year.

Most of our activities at the Moultonboro Central school are not spectacular but the day by day education of the children continues, by the day to day living and learning in a pleasant and friendly atmosphere and surroundings.

BUILDINGS AND GROUNDS

The school playground has been used very extensively during the summer and fall, but some type of drainage system should be installed on the grounds to prevent a recurrence of seepage of water into the school which forced the school to be closed one day in February.

The school gym has been in almost constant use for town and school activities. The children eat their hot lunches in the gym every school day, but it would be much more efficient and in the long run a more thrifty arrangement if the basement which is not being put to any good use now could be designed and transformed into a cafeteria space.

COOPERATIVE DISTRICTS

The proposal of a cooperative high school district, as outlined in the supervisory union report, was defeated by Moultonboro at a special district meeting in September. This proposal deserves more careful study, and it is hoped that the voters might reconsider if other districts concerned should vote in favor of it.

Another proposal involving cooperation with Center Harbor on the elementary level has been suggested. This would make possible a two-room addition to our present school building, at slight cost to Moultonboro. This matter should be investigated, as it offers a possible solution to our crowded situation.

Prospects for state and federal aid for school buildings in the near future provide some encouragement for either or both of these proposals in Moultonboro.

TEACHERS' WORKSHOP

Our teachers' annual workshops are now traditional in this union. From their very inception they have been successful, covering a wide range of subjects, such as: conservation, music, techniques in teaching reading, guidance, etc. This past November the workshop was held for three days at the Moultonboro Central School with the staff of the school serving as hosts. The theme was based on Moral and Spiritual Values. At first glance, this might seem a matter for controversy and argument. Rather, it proved to be a topic of vital, current importance which drew only very healthy and constructive discussion in the various groups. On the opening morning, Rev. Mark Strickland of Manchester was the key-note speaker. All local clergy, both Protestant and Catholic in this area were invited to attend and a few of them were present and contributed much in discussion groups. Also invited were parents and PTA members. Included among our outstanding consultants were Miss Anita Petrucci and Miss Pollyanne Andem, both of whom are English teachers in the high school in Weymouth, Mass., where a program for strengthening the moral and spiritual values of pupils has been undertaken with noteworthy success. Other consultants from educational circles in our own state came from Concord, Plymouth, Holderness and Laconia. It seemed to be the concensus of opinion among our consultants and our teachers that this workshop was our "best yet."

OUTDOOR EDUCATION

No aspect of educational advance has proved more satisfying to pupils, teachers and parents than outdoor education activities. In our school this April, the seventh grade plans to spend one week at Camp Sargent in Peterboro.

A few days at camp, properly directed, can be an important educational experience. It should not become just an outdoor vacation. (a) Learning and living are closely connected; direct instruction is longer remembered, and school books become more meaningful. (b) Pupils learn to appreci-

ate parents,-teachers and classmates. When lights are low, pupils are encouraged to speak from the heart. "I never realized how hard my mother has to work till I served on all the committees at camp—making breakfast, washing dishes, sweeping, gathering wood, caring for my clothes." (c) Better community relations are developed. As parents and teachers work together in planning for a week at camp—and when parents' night at camp is observed—teachers, parents and pupils grow to understand one another better. (d) Learning is stimulated. Besides direct instruction in science, nature, conservation, geography, history, etc., there is enthusiastic overflow into oral and written English. Boys who never wanted to talk to a large group before now have something they want to say. There are letters of thanks to be written, items for the newspaper, accounts to keep, etc. (e) Better relations are developed among faculty members. Outdoor education projects are a common meeting ground for teachers of physical education, of science, home economics, shop, etc.

Located as we are in one of the most beautiful spots in God's creation, it is fitting that special effort be made to bring our young people into closer contact with nature. In addition to the week to be spent while in the seventh grade, I believe it would be worthwhile for younger classes to attempt a class experience overnight or for a weekend at some suitable location near school. If two or more small groups from different schools could plan this together, it should be even more valuable.

Respectfully submitted,

ALMON W. BUSHNELL, Supt.

GEORGE BRYENTON, Principal
